### **NEW** LPHAs: track all staff time for COVID-19 response efforts

- For potential emergency funding backfill in the future, please track hours spent on COVID-19 efforts by all staff throughout the duration of this response. We have no required format but recommend whatever is simplest :)
- CDPHE's Fiscal Risk Management (FRMS) will suspend reviews until further notice. It's critical that you continue to track your program activity in your time and effort reports. Stay in contact with your program and fiscal monitors on critical deliverables and reimbursements. We are available for questions and support as needed.
