Commissioner Hoag and Shy both had to be excused from the meeting at 1:15pm.

Commissioner Downey met with Bob Gilchrist, who was representing Dark Skies. He explained to Mr. Downey that Dark Skies is interested in installing architectural lighting on the courthouse grounds, at no cost to the county, that would advocate the utilization of modern outdoor lighting and preserve the darkness of the night sky. Dark Skies would like to present a design to the commissioners to view and receive their approval. Dark Skies will pay for all contract labor and materials, complete the project in a timely fashion and leave the premises in a finished condition. No decision could be made since there was only one commissioner in attendance. Commissioner Downey expressed to Mr. Gilchrist that he would share this information with the other two commissioners for their input.

Being no further business the Board adjourned at 2:15pm.
