

1Wetmore Library Board Meeting: June 8, 2017

Present: Nan Davenport, Jerry Draper, Joy Iden, Julie Skinner

Items Discussed:

1. Nan gave attendees tour of the newly renovated Wetmore Community Building.
2. Nan explained how volunteers have been working in the library to clean it up after work was done and getting things ready for open house, new bookshelves arriving/being built as needed, more are needed. She is also in the process of working on this years grant application for new materials (books, videos, etc) for the library.
3. New items (chairs and plants) being added to the hall were discussed.
4. Door to Library: "Wetmore Library" to be etched/sand blasted at cost of \$260 was unanimously decided. It is all custom work and will last forever!
5. AspenCat was discussed: Hoping to be on board by end of summer 2018. Approx. cost is \$2000. Right now all monies in account are being used towards other much needed items to get the library up and running. Our current cataloging system is 17 years old and needs to be upgraded so that we can join all the other Colorado libraries in lending and borrowing materials.
6. Nan has not been getting a paycheck since building has been under renovation, thus saving the library money.
7. More volunteers are needed for the library.
8. Bernadette has already approved the money for 1 bookshelf that is almost done being custom built.
9. Dedication sign for Coffee Room was addressed, in honor of Alden Gray, long-time resident and patriarch of Wetmore. No library funds will be used, Jerry Draper volunteered to absorb the cost, and will have sign made.
10. Other building news: In going forward, a refundable deposit amount will be charged for all uses of the basement facility.
